Hi Manitowoc Jaycees,

The time has come for you to take your role as Manitowoc Jaycee Leaders. Seriously, each of you has wonderful skills in Leadership which you may have always possessed, but through the Jaycees you have expanded on. Wouldn't you like to help others become a leader and expand their leadership skills?

If you do, **PLEASE** introduce them to the Manitowoc Jaycees! You may not always receive a yes answer but don't let that deter you from asking. There are people who will say yes and yet others may ask you to call them in a month. Do just that ask them in one month with a person visit or a phone call, not everyone feels comfortable the first time and others don't feel like they belong. Show them that we are a group of young adults who like to help in bettering our community, but we also like to have **FUN** with what we are doing.

I would like to **THANK** the board for **ACCEPTING** the challenge from **Cindy Sabourin, Connie Schultz and Dave Lucht**. They challenged us to grow in August by 5 new members and in September by 5. If we do this, there will be **PIZZA, BEER and JELLO SHOTS** at the **OCTOBER** Membership Meeting. You all have shown me you can do it (recruit), so lets show the **STATE** what we can do. **Believe in yourselves, and Believe in your Jaycee Family!**

Sincerely,
Heather Siebelink

Fellow Jaycees,

Well, the **challenge** is in! Our State President (Connie Schultz), State Membership Vice President (Dave Lucht) and our Region Director (Cindy Sabourin) have issued a challenge to the chapter to get **10** new members in the next two months. If we do that, it means we get **beer, pizza and Jell-O shots** at the next General Membership Meeting.

Also, **anyone** who wants to throw a pie in my face will get the chance to. If we don't make the challenge, the State representatives get to throw pies at us and I get to pick someone from our chapter to throw a pie at.

Everyone get out and spread the word!!!

French Bread

French Bread has been enjoyed for many centuries. It is started from a sourdough yeast derivative. The dough is let to rise for a long while, kneaded, then it is allowed to rise again.
